

Are you protected from unexpected medication risks and overspending?

See what Express-Scripts.com can do—at no extra cost to you.

Timely safety alerts, refill reminders, and savings information—available when you register at Express-Scripts.com

If you're managing medications for yourself or a family member, you may not know about potential medication risks. And you may not know about easy ways to help avoid paying more than you have to. Fortunately, your prescription plan already offers the one resource you need: Express-Scripts.com.

Take advantage of this important protection by registering today!

Help protect yourself from spending too much.

Discover possible ways to save money on medications that you or your family members take regularly, with **My Rx Choices**® prescription savings program. You could look up savings on your personalized cost-comparison chart, and then print out the chart to share at your next doctor's visit. Or use the **Express Scripts** mobile app on your smartphone to find those same savings opportunities under your plan while you're still in the doctor's office!

Help protect yourself from unexpected risks.

Anytime a personalized alert is waiting for you on Express-Scripts.com, you'll be notified by e-mail to help you avoid certain health risks related to medications you take regularly. And you can ask a pharmacist questions whenever there's a need, day or night.

With the **Express Scripts** mobile app, you can also set reminders on your smartphone to let you know to take your medications and to notify you when you're running low.

You can also use Express-Scripts.com to:

- › Order prescription refills, renewals, and check order status.
- › Review your plan's coverage guidelines.
- › View claims, balances, and prescription history.
- › Print claim forms, order forms, and fax forms.
- › Locate participating retail pharmacies.

Get started and get protected: Visit www.Express-Scripts.com/register today!

Please have your member ID number and a recent prescription number handy.
